# Bamboo Cane, Cement & fibre collection

*Cane planters add that aesthetic vibe to your space and gives your space a very zen ambience. Each piece is hand crafted and hence has a unique variation in texture and finish.*

*This collection is light weight, frost free & waterproof.*

*Concrete is an antique-style collection that is made of cement, fibre glass and sand. Although the planters have the thin thickness, you will be surprised with strength and durability of materials. With the natural surface, antique colours and classic finishes, the collection is versatile and recommended for both indoor and outdoor use.*
